

Kitchen Sink ✨

A bit of everything on one page. Back to the [index](#).

Prose

A paragraph with **bold**, *italic*, ~~strike~~, code, an [external link](#), and an in-page jump to the [diagram](#).

A checklist

- ☒ Headings
- ☒ Code + highlighting
- ☐ Snacks

Some code

```
go

1 package main
2
3 import "fmt"
4
5 func main() {
6     fmt.Println("hello from the kitchen sink")
7 }
```

Some math

When $a \neq 0$, the roots of $ax^2 + bx + c = 0$ are given above, and:

$$\nabla \cdot \mathbf{E} = \frac{\rho}{\epsilon_0}$$

A callout

You can mix every feature freely on a single page.

A diagram

A table with a footnote
